

MOHSEN GOLZAD

JUNIOR FRONTEND DEVELOPER

+98 910 681 3841 · Mohsengolzad9069@gmail.com · Tehran, Iran
github.com/mohsen-goli · linkedin.com/in/mohsen-golzad-a5495319b

PROFILE

Junior Frontend Developer focused on building responsive, interactive and user-friendly web interfaces with HTML, CSS, JavaScript and React. Hands-on experience building real-world projects including a business landing page, e-commerce website and admin dashboard. Strong focus on practical learning, clean UI implementation, responsive design and problem solving. Currently expanding skills in React, TypeScript, REST APIs and modern frontend development.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React, Responsive Web Design

Data & APIs: JSON, Fetch API, REST API fundamentals

Tools: Git, GitHub, VS Code Currently Learning: TypeScript, Next.js

FEATURED PROJECTS

NeginBox — Business Landing Page

HTML · CSS · JavaScript · Responsive Design

Real-world responsive landing page developed for a local under-bed storage business.

- Responsive product presentation and category filtering
- Search, mobile navigation, interactive product modal and direct customer contact
- Deployed with Google Analytics integration

[Live Demo](#) · [GitHub](#)

NovaTech — E-commerce Website

HTML · CSS · JavaScript · Responsive Design

Responsive e-commerce website for a digital accessories store.

- Product listing and dynamic rendering
- Product search, shopping cart and complete checkout flow

[GitHub](#)

NovaAdmin — Admin Dashboard

HTML · CSS · JavaScript · JSON

Modern responsive admin dashboard focused on order and sales management.

- Dynamic order rendering from JSON data, search and status filtering
- Dynamic order/revenue calculations, charts, dark mode and responsive sidebar

[GitHub](#)

Weather App

HTML · CSS · JavaScript · API

Responsive weather application using an external weather API to retrieve and display weather information.

- API-based weather data retrieval and responsive interface
